

Environmental Policy

The aim of this environmental policy is to ensure that StrongGuard Security UK LTD, fulfils its legal and moral obligations as set out in relevant legislation.

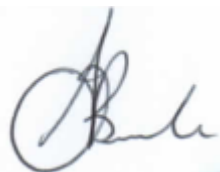

We aim to:

- Prevention of pollution, reduction of emissions and waste to levels that reduce impacts on the environment.
- Protection of the environment.
- Comply with legislation and continually improve our performance against codes, and directives issued as local, national and European directives.
- Implement emergency procedures in order to minimise impacts on the environment.
- Operate in a socially responsible manner.
- Manage waste generated from our business according to the principles of reduction, reuse and recycling.
- Reduce, where possible, our consumption of resources and improve efficiency where resources are used.
- Ensure environmental aspects are given consideration in the purchase of goods and services.

To achieve our aims we will:

- Operate a management system across all business functions that conforms to the requirements of BS EN ISO 14001 and to attaining the highest possible standards of Environmental, Health & Safety and Quality performance.
- Apply environmental controls throughout our business.
- Seek to design, operate and maintain our equipment to the highest possible standards in order to meet our environmental objectives.
- Implement new technology to improve working practices.
- Set & monitor key objectives for our environmental performance.
- Raise awareness, encourage participation and train employees in environmental matters.
- Communicate environmental aims and objectives to employees and stakeholders.
- Review our Environmental Policy regularly.
